In an effort to keep yourself and others safe, please consider the following safety tips:

- Lock your ignition (the majority of thefts happen when the ignition is turned off but not locked)
- Lock your motorcycle to a stationary, immovable object
- Lock the forks and disc brakes
- Install a motorcycle alarm
- Check on your motorcycle periodically
- Make sure locks are wrapped as tightly as possible; slack provides room for thieves to chisel away
- Install a hidden "kill" switch
