IU Bloomington Crime Notice:
September 26, 2019

In compliance with the federal Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, a Crime Notice is being issued for a reported rape.

REPORTED OFFENSE: On September 25, 2019, 3:00 pm, IUPD received a report of rape. It was reported that the suspect engaged in nonconsensual sex with the victim. The suspect had just met the victim several hours earlier.

TIME AND LOCATION OF OFFENSE: The incident was reported to have occurred on September 22, 2019, during the early morning hours at Union Street Center.

SUSPECT: The suspect description is white male, 19 years old, 6 feet 2 inches tall, weighing 155 lbs., brown hair and brown eyes. His identity is known to IUPD and an investigation is ongoing.

Racial descriptors alone are not a valid reason to profile or cast suspicion on an individual. In cases of serious crime such as this we may include them only as part of the totality of circumstances, if it may reasonably assist in the identification of the perpetrators.

SAFETY TIPS: Sexual assault can happen to anyone. Each member of the IU Bloomington community shares in the responsibility to create and maintain a safe and respectful environment for all individuals. You can help reduce the risk of sexual assault by watching out for the safety of others. While not all crimes of sexual violence are alike, the following information may be helpful:

- Perpetrators of sexual assault are often more likely to assault someone they know, rather than a stranger. The perpetrator, not the survivor, is responsible for any instance of sexual assault.

- Consent – Anyone initiating any kind of sexual contact with another person must obtain their consent. Consent is an agreement or permission expressed through affirmative, voluntary words or actions that are mutually understandable to all parties involved. Consent cannot be given by someone who is incapacitated by the use of alcohol and/or drugs. Consent can be withdrawn at any time. Consent cannot be coerced or compelled by force, threat, deception or intimidation.

- Personal Safety – Perpetrators may use social media platforms to meet potential victims. Be cautious on what you share and how you use social media. Perpetrators often use drugs and/or alcohol to target potential victims. Date rape drugs are tasteless, colorless, odorless, can be ingested in a multitude of forms, and effects are not immediately apparent. Be cautious of any substance you are drinking, eating or inhaling that you have not personally prepared and has not remained in your constant control.

- Bystander Intervention – Look out for each other. If one of you cannot be with a group of trusted friends, tell each other where you are going, whom you will be with, when you expect to return, and that you’ll contact them if anything changes. If you see someone in trouble, safely intervene or call the police immediately.

Anyone with information on this crime or any other crime is encouraged to call the IU Police Department – Bloomington at (812) 855-4111
If additional information or updates are released, they will be posted to http://emergency.iu.edu
